MEMORANDUM NO. ILCD MFRM 26 - 006

TO : Deans, Directors, Heads of Academic Units and Faculty Members

FROM : **MIGUEL FRANCISCO M. REMOLONA, Ph.D**
Director

THROUGH : **MARIA VANESSA L. OYZON, PhD**
Vice Chancellor for Academic Affairs

SUBJECT : **Restoration of CRS Integration to Ensure Seamless Course
Creation**

DATE : **07 August 2026**

The scheduled **DNS transition of the University Virtual Learning Environment (UVLe)** has been successfully completed. The official URLs have now been updated as follows:

UVLe Platform	Official URL
UVLe '26	https://uvle.upd.edu.ph/
UVLe '22 (Legacy)	https://old-uvle.upd.edu.ph/
Nilinang UVLe	https://nilinang-uvle.upd.edu.ph/

In relation to this **CRS Integration service is now operational** and course synchronization between the Computerized Registration System (CRS) and UVLe has been restored with some caveats.

To ensure that you can access your courses, please do login to <https://uvle.upd.edu.ph/> before creating your courses. This ensures that UVLe can enroll you to your own courses.

Then for synchronization of students, faculty members are advised to verify that **all students enrolled in their CRS course have successfully logged in to the new UVLe platform at least once before initiating course sync through CRS-UVLe integration.**

For **first-time users**, access to the UVLe dashboard requires **email verification**. Upon their initial login attempt, users will be prompted to verify their University email address by clicking the verification link sent to their registered UP email account. Only after completing

INTERACTIVE LEARNING CENTER
UNIVERSITY OF THE PHILIPPINES DILIMAN

DILC Bldg., Apacible St., UP Diliman, Quezon City 1101
+632 89209556 or +632 89818500 local 2058 | ilcdiliman@up.edu.ph

this verification process will they be able to access their UVLe dashboard and be successfully recognized by the CRS Integration service.

Faculty members are therefore encouraged to remind students to:

- Log in to <https://uvle.upd.edu.ph> using their UP Mail account;
- Complete the email verification process by clicking the verification link sent to their registered email address;
- Ensure they can successfully access the UVLe dashboard before the instructor performs CRS course synchronization.

Failure of a student to complete the initial login and email verification may result in the student **not appearing in the synchronized course roster**, requiring another synchronization after the student's account has been successfully activated.

Training materials, user guides, and instructional resources for the new UVLe platform continue to be available through the **Tutorial Courses** menu within UVLe. Faculty members and students are encouraged to review these materials to become familiar with the platform's features and enhancements.

We thank the University community for your patience, understanding, and cooperation throughout the transition. Your support has been instrumental in the successful deployment of the University's upgraded learning management system.

Since UVLe no longer uses the DilNet login, Freshmen without their UP Mail are encouraged to get their UP Mail as soon as possible. In the meantime, we ask these freshmen/transferees to email our Helpdesk for temporary accounts. Afterwards, they can ask their instructor for instructions on enrollment in the relevant UVLe courses.

For inquiries or technical assistance, please contact the **ILCD Helpdesk** at:
